

THIRD DISTRICT COURT AT WESTERLY

Elected by Two District Meetings Held in Town Hall—Adelard Morin of Norwich and Ira Davis of Preston from 19th District—Frank H. Hinckley of Stonington and Fred Comstock of Waterford from 20th District.

Judge Oliver H. Williams of the Third district court, held a session in Westerly Friday. Judgment was rendered in the assault case of Santa Gabrielle against her brother-in-law, Joseph Gabrielle, a civil action in damages. The case was heard a week ago and decision reserved. Judge Williams gave judgment for \$10 and costs. Attorney A. T. L. Ledwith, counsel for accused, gave notice of appeal. Attorney John J. Dunn is counsel for plaintiff.

The first case tried was that of Charles P. Eccleston, constable for the town of Hopkinton, against Joseph E. Champlin, charged with defacing a building owned by Joseph Girard, by riddling it with bullets, on the night of August 17 last. The first witness was Joseph Girard, owner of the building, which is located near the Girard lumber camp in the town of Hopkinton. He testified that the building was portable, 7x14, with seven foot posts. He told of the several holes made in the building by charge of shot. In response to a query from Attorney Ledwith, counsel for defendant, Mr. Girard said he did not own the land where the building was located. Town Solicitor Joseph Agard represented the prosecution.

Charles P. Eccleston testified that he was called to the lumber camp, saw the bullet holes in the building and arrested Champlin. He was of the opinion that the damage to the building was between \$50 and \$60. At the time of arrest, witness asked Champlin why he did the shooting and Champlin replied: "If you were in my place you would have done the same thing."

James Gagnon, a sawyer in the employ of Girard, testified that in the early evening of August 17, Champlin came into the shack and would return with it and shoot up the shack. Half an hour afterwards witness saw Champlin coming and took to the woods with his brother George, then being the only ones in the shack at the time. He heard a dozen gun shots but did not see Champlin with a gun. He went to Hopkinton and did not return to the shack until after Constable Eccleston had arrived. He then saw that the building had been riddled with bullets. No one was in the shack but the Gagnon brothers when Champlin approached, but Philip Alberts and Joseph Bushes were in the next house, ten feet distant.

George Gagnon gave corroborative testimony and added that he found two bullets that had punctured his suit case that evening. He said that witness produced the bullets. He saw Champlin coming towards the shack, but did not notice the gun.

Philip Alberts said he came from Joe Bushes' house and went to the shack just as he saw Champlin approaching. He saw that the Gagnons had decomposed, so he took to the woods. He had run about fifty yards when he heard the discharge of a gun and heard a dozen other reports in quick succession. He did not see any gun with Champlin. When witness returned to the shack two hours later, he said, "I found my supper all shot to pieces; with holes punched all over the building; bullets stuck in the wood work and loose upon the floor."
